Applicant memorializes herewith that claim 30 should have been listed as allowed in the Notice of Allowability dated April 16, 2012.

Claim 30 was never cancelled in the course of prosecution, or in an Examiner's Amendment. The "Allowable Subject Matter" section of the Notice of Allowability lists claim 30 as among the allowed claims.

In a phone conversation between Examiner Annan Q. Shang and paralegal John Gustav-Wrathall on May 28, 2012, Examiner acknowledged that claim 30 was allowed, and promised to issue a Supplemental Notice of Allowability.

Applicant respectfully requests a Supplemental Notice of Allowability to clarify the record.

Respectfully submitted,
